All sanding motors can be inclined

## TECHNICAL SPECIFICATIONS

### Machine Dimensions

1100 X 1560 X 3450mm

### Sanding Dimensions

Maximum 200 x 100mm

Minimum 20 x 5 x 700mm

### Sanding Spindles

4 x top spindles 200mm

2 x side spindles 100mm

Maximum external diameter 300mm

### Equipment

Flex Trim sanding system

### Speed Control

250 – 1400 RPM

### Conveyor speed

2 – 35 m/min

### Sanding Pressure

Manual, displayed with analog indicator.

### Power

6,6 Kw

### Voltage

380V + neutral

### Weight

1100 kg
